

IMPORTANT RENOVATION NOTICE

21 August 2017

Dear Guest, as a courtesy we are informing you that Delaire Graff Lodges and Spa is currently undergoing expansive renovations and additions to certain parts of the Lodge and guests may experience some disturbance.

These renovations form an important aspect in the vision we hold for the estate and this work will continue until the second quarter of 2018. We apologise for any inconvenience and offer our sincere gratitude for your patience and continued support. However rest assured that this construction has not taken anything away from the incredible location and unique experience we offer our guests. We look forward to sharing our new offering with you.

Details of Renovations & Construction:

Due to increasing demand for accommodation we are expanding our capacity by adding 6 new luxury lodges to our estate. Furthermore the construction of an exclusive 4 bedroom luxury villa is well underway and is estimated to be completed within the same timeframe.

What you need to know:

We have installed a temporary wooden green boarding directly in front on the construction site. This is to minimise the effect the building site has on the view from our property as well as to minimise noise originating from the site.

We will endeavour to handle this to the best of our abilities. Should you have any questions regarding future or existing bookings at Delaire Graff Lodge & Spa, please contact our Reservations Department on lodge.reservations@delaire.co.za.

We would like to take this opportunity to thank all your guests for your support and understanding

Important Building Dates & Guest information:

- **Construction commencing date** - May 2017
- **Estimated date of completion** - Second Quarter of 2018

Location/Distance of work in relation to guest and other facilities:

The construction site is approximately 25 meters away from the nearest lodge in any direction.
