

## OVERVIEW

- Chem Chem Philanthropy & Safaris consists of three leading eco-properties in Tanzania: Chem Chem Lodge, Little Chem Chem & Forest Chem Chem.
- 20 000ha of private land within the Burunge Wildlife Management Area (WMA) between the Tarangire National Park in the east and Lake Manyara National Park in the west.
- The concept of "Slow Safari" was born at Chem Chem Lodge. The ethos of a safari being a tangible, sensual experience beyond the confines of a vehicle, and it is one upheld at each of our properties.

## SAFARI EXPERIENCES

### WALK WITH THE MAASAI CHEM CHEM LODGE

Discover the wilderness through the eyes of those who have lived it and breathed it for centuries: the Maasai. A warrior will walk with you and a field guide – a rare opportunity to learn how this local population has survived by living in harmony with wild animals.

### DAY TRIP TO TARANGIRE NATIONAL PARK CHEM CHEM LODGE, LITTLE CHEM CHEM & FOREST CHEM CHEM

Explore the game-rich environment of the breathtaking Tarangire National Park from the comfort of an open 4x4. Choose either a full- or half-day excursion which includes a picnic breakfast or lunch at a private site. Expect vast elephant herds and huge baobabs.

### NIGHT GAME DRIVES LITTLE CHEM CHEM & FOREST CHEM CHEM

Experience the thrill of discovering nocturnal animals in their natural habitat. See, from the safety of an open 4x4 vehicle with blankets for warmth, how the spotlight catches them. Learn from our experienced guides as you immerse yourself in their world.

### GAME DRIVES IN CHEM CHEM BURUNGE WMA LITTLE CHEM CHEM & FOREST CHEM CHEM

Discover this incredible wilderness with one of our expert field guides, from the seat of a 4x4 vehicle. The vehicles seat between five to eight passengers. No crowds guaranteed: 16 000 ha and just 10 guests! Keep your eyes open for elephant, leopard and lion.

### PHOTOGRAPHIC SAFARIS CHEM CHEM LODGE, LITTLE CHEM CHEM & FOREST CHEM CHEM

Spend a day with a professional wildlife photographer showing you how to make the most of your camera to capture that unforgettable moment in the wild. It may be of a cheetah on a termite mound or a grey-headed kingfisher eyeing its prey.

### ANIMAL TRACKING CHEM CHEM LODGE, LITTLE CHEM CHEM & FOREST CHEM CHEM

One of our well-trained field guides will lead you in a quest to recognise and track animal spoor. You will literally follow in their footsteps – often taking you within 15 meters of these majestic animals. Hear them, see them, smell them.

### SUNRISE HILL CLIMB CHEM CHEM LODGE, LITTLE CHEM CHEM & FOREST CHEM CHEM

There is a serene beauty to a landscape at dawn. Climb the hills between the two sides of the concession with your guide to gaze out across the vastness of the land we work to protect while the sun blesses a new day in Africa.

## GUIDE PROFILES

Our professional guides have dedicated their lives to the land and are valued ambassadors for its wildlife and its people. They have undergone years of training and intimately understand the essence of a Tanzanian safari.

ALEX NADA  
"Sophistication"

For 3 years, Alex has charmed the hearts of guests at Chem Chem. His knowledge is outstanding and he has a unique guiding style which keeps everyone glued to their safari seats.

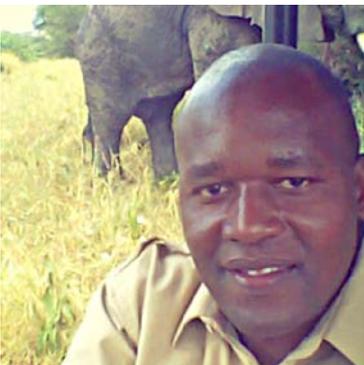

SALUM MPAPA  
"Bush Baby"

Born in the Selous Game Reserve, Salum grew up in the bush. His experience and knowledge is impeccable as is his ability to track and approach animals. A walking safari with him is truly unforgettable.

ENOCK MKOTA  
"Expertise"

Enock has brought with him a wealth of inspiring knowledge from the Selous and the southern parts of Tanzania, where he is originally from. The junior guides are quick to seek him out for advice and new information about anything from mammals, insects, reptiles or birds. Everyone listens carefully when he starts telling stories from his life in the African bush.

MIKE ELSON  
"Culture Vulture"

Mike is our philanthropist guide. Maasai in origin, he has an amazing way with families. He can keep you entertained for hours talking about the local Tanzanian cultures and his many experiences in the wild.

GUIDE PROFILES CONTINUED

FRANSISCO RAYMOND

*"Serious Fun"*

Francisco is our botanist guide who enjoys making our guests laugh with his interesting facts and intimate knowledge of the landscape. He likes clients to enjoy the lighter side of safari.

GEOFFREY KALINGA

*"Navigator"*

Geoffrey has an ease with guests and a keen eye for photography. When he started guiding at Chem Chem, he got to know the maze of roads and trails in a matter of days. Having spent his life pursuing this career, he is deeply knowledgeable and his dedication is next to none.

EMMANUEL MAGULUKO

*"Smooth"*

Our most youthful guide, Emmanuel has excelled in all of his training. He has an acute understanding of animal and bird behaviors and is bursting with knowledge of our bountiful area. His knowledge of the heavens above Tanzania will have you stargazing for hours.

BARAKA OLAIS

*"Avid Apprentice"*

His name means "blessing" in Swahili and there are times when having Baraka around, can be just that. His eagerness to learn is infectious and he willingly steps up to prove himself when there is an opportunity. Born a Maasai, he has a fine ability to interpret the life of the Maasai to our guests. A true bush boy.

GUIDE PROFILES CONTINUED

ERIK NYMAN

"Pathfinder"

Born along the Rufiji River in Tanzania, Erik was destined to live his life in the African wilderness. He is leading the guiding team and together they are headed for new strengths and visions. Erik is also our walking guide and will be accompanying our guests on walks to discover Tanzania's big game on foot.
