WAYS TO GET INVOLVED IN OUR COMMUNITY

PACK FOR A PURPOSE

A wish list of items for nearby schools

Haymu Primary School is a small school in the Karatu district and nearby Gibb's Farm. The school serves 600 students from ages 6 through 13 years old. An extraordinarily dedicated and caring headmistress already achieves great academic results with very limited resources. With your help, the sky will be the limit for these children.

- **General school supplies:** book bags, coloured pencils, crayons, erasers, handheld pencil sharpeners, markers, pencils, pencil cases/bags, and rulers
- **Reference materials:** (English) dictionaries and encyclopaedias
- **Flash cards:** (English) alphabet, math, and word
- **Laminated wall charts:** (English) language, math, science, and world maps
- **Text/reading books:** (English) story books, general science, language/grammar, and math
- **Sports/outdoor activity:** frisbees, inflation pumps, jump ropes, soccer balls and team uniforms
- **Gardening:** Books about gardening, cloth caddy for small tools, and gardening gloves for children

DONATE A SCHOOL DESK

US\$ 70 per desk for materials

Schools in Tanzania are in desperate need for desks, it is common to see 3 or 4 children sharing a desk. By making a very small contribution, guests can make a profound impact on someone's education.

Guests can donate a school desk, engraved with their own special message, for the schools in our region. We welcome guests to visit our workshop where the desks are made and get involved. We can happily send a photograph of the desk and school children upon its delivery should guests wish.

If guests would like to personally deliver the desk to the school, the desk needs to be ordered and paid for a minimum of 1 week prior to their arrival and guests need to allow for 2-3 hours for this activity.

FURTHER DETAILS:

The donation fee of \$70 covers the cost of materials required for the desk and our carpentry team donate their time and skills to create the desk and carefully hand-engage a special message from our guest.

When delivering the desks to the school, the headmistress will conduct a tour of the school and there will be a small ceremony followed by some playful interaction with the children.

PLEASE TAKE NOTE:

- Visiting the school is a 2 to 3-hour experience and we suggest that guests stay for a minimum of 3 nights if they would like to participate in delivering the desks to the school. This affords them enough time to visit the school and also be able to take part in other farm activities.
- Restrictions may apply during school holidays.
