

ACCOMMODATION IN LUXURIOUS TENTED SUITES

Mwiba Lodge has a total of 10 tented suites named in Kiswahili from one to ten as follows:

# 1	moja	# 6	sita
# 2	mbili	# 7	saba
# 3	tatu	# 8	nane
# 4	nne	# 9	tisa
# 5	tano	# 10	kumi

Each of the bedrooms can be configured as either a king or twin and the bed area is encompassed generously by a linen mosquito net.

KING BED

TWIN BED

In the event that a triple configuration is required, the sofa in the lounge area of the tented suite can be made up as an additional single bed. This is suitable to accommodate a child of 15 years or younger. In the event that the sofa is used as a bed, a portable mosquito net is hung.

Legendary Expeditions

The lodge has a portable cot available which can be used for an infant of 2 years or younger. It comes with a fitted mosquito net.

Of the 10 tented suites, there are 2 pairs that are adjoining and suitable to accommodate guests who are traveling together. Suite # 2 mbili and # 3 tatu connect as does # 8 nane and # 9 tisa.

The raised decks of these particular tented suites that are adjoining have been connected by wooden walkways to allow easy access between the suites thus making them ideal for families traveling with younger children.

SUITE MBILI & TATU

The walkway between suite mbili and suite tatu is somewhat exposed and would not be suitable for children of toddler age to pass across unattended.

The connection between suite nane and suite tisa is comparatively closer with a wooden doorway providing access through a stone privacy wall linking the decks directly.

SUITE NANE & TISA

Please do note however that due to the rocky undulating nature of the site of Mwiba Lodge we would not recommend children younger than 10 years of age staying in the adjoining suite without an older sibling, parent or adult.

Each tented suite is identical in its layout, the standard of furnishings is consistent and both suites have sufficient privacy. Should two couples or adult guests traveling together wish to be accommodated close to each other, these adjoining suites are also perfectly appointed to be used as such.

We will only ever accommodate guests from a combined party in the adjoining pairs of suites.
